The planning commission continued the discussion about goals and strategies for the town plan in each of the following categories: energy, transportation, and flood resilience.

NVDA can provide maps of Walden that show land use (municipal blogs, churches, old schools, roads), habitat blocks, wetlands, etc.. It is possible to provide a historical map of the area.

The commission discussed preparation for the community information meeting scheduled for the 28th.

It is possible that beginning in May, we may return to once a month meetings.
